20 October 1978

MEMORANDUM FOR THE RECORD

FROM: [REDACTED]

SUBJECT: EI Review '78.

1. Telcon: [REDACTED] NFAC/OER, 351- 25X1A

[REDACTED], 20 October 1978.

2. [REDACTED] is the designated NFAC point of contact for EI 25X1A
Review '78. In a telcon on 11 October 1978 to [REDACTED]
indicated that the NFAC response to the data call was in progress, that
it was detailed and consisted of a lot of material. On Monday, 16 Octo-
ber 1978, [REDACTED] volunteered that we could anticipate receiving the
NFAC report Wednesday or Thursday and that if we had not received it by
that time to let him know.

3. In today's telcon, [REDACTED] stated that he had submitted 25X1A
the NFAC response to Maurice Ernst, Director, OER, more than a week ago
but that Mr. Ernst, "apparently aware of Dr. Bowie's sensitivities to
this endeavor," provided guidance to [REDACTED] for the reaccomplishmen 25X1A
of certain segments of the report and to resubmit. This was done and
Mr. Ernst forwarded the input to Dr. Bowie for transmittal to RMS.

[REDACTED] learned this morning, that Dr. Bowie is holding the NFAC input
and apparently has no intention of forwarding the paper at this time.

[REDACTED] very tactfully mentioned that it was his understanding that
Dr. Bowie believed the EI Review '78 effort to be within the purview of 25X1A
NFAC and not RMS.
